### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2-9 and 15-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 15, lines 5-6, the phrase “a second cash handling machine” is not clear as no “first cash handling machine” has been recited. It is noted that “a first cash handling device” has been recited from line 3. However, the former language is not clear with regards to the descriptive portion of the specification and the associated drawings. Clarification is required.

### ***Claim Rejections - 35 USC § 103***

3. Claims 2-4, 15, 16 and 19, as understood, are rejected under 35 U.S.C. 103(a) as being unpatentable over Amos in view of Watanabe. Applicant is directed to the Office Action mailed April 21, 2004 for the rationale for using these references. Applicant's June 1, 2004 REMARKS have been reviewed, but are not convincing. It is noted that Amos's devices may not dispense coins or notes if the coins or notes have been depleted. As is, Applicant's claim language would be fully met. Also, regarding the claim 15 phrase “operating without servers” that was inserted, it is noted that the intended use language that precedes this phrase, i.e. “for locally distributed

wireless networks,” does not positively recited a wireless network. Thus, whether or not a server is provided is not given equal patentable weight in juxtaposition to the positively recited claim language. The network standard recited is deemed met by Amos, as modified by Watanabe.

4. Claims 5-7, 17 and 18, as understood, are rejected under 35 U.S.C. 103(a) as being unpatentable over Amos as applied to claim 15 above, and further in view of Richardson et al. Applicant is directed to the Office Action mailed April 21, 2004 for the rational for using these references. Applicant's REMARKS do not obviate the previous Office Action.

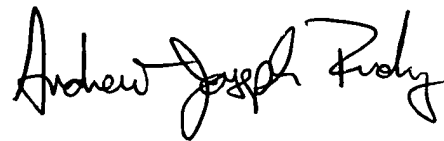

5. Applicant's Information Disclosure Statement has been reviewed. Please note attached PTO-1449.
